

AUCTUS

Electro Assembly

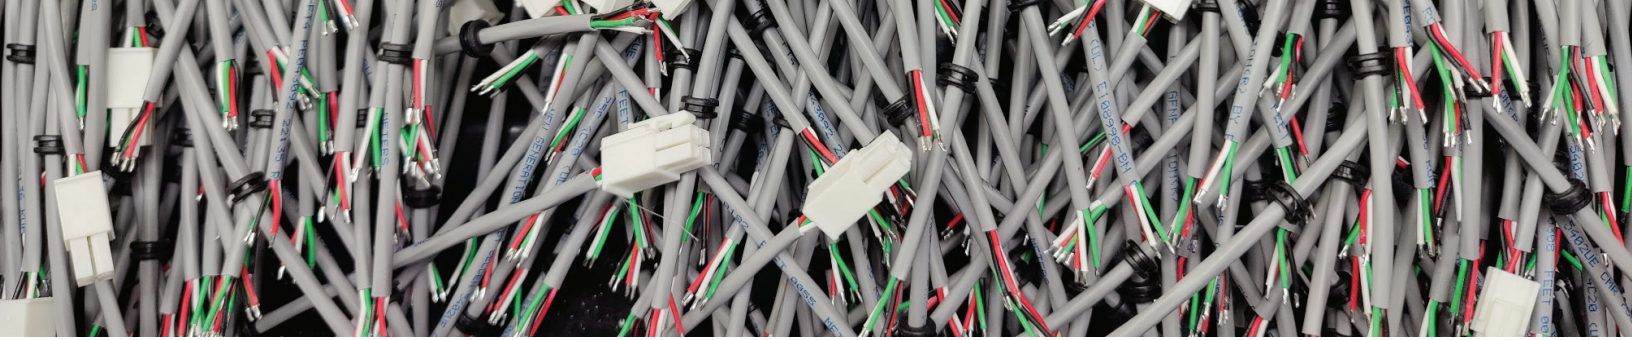

Welcome to Auctus Electro Assembly,

your trusted partner in high-quality wire harness solutions, cable assemblies, and electromechanical box build services. We are a forward-thinking company committed, delivering precision-engineered products that meet the highest standards of performance and reliability.

OUR SERVICES

WIRE HARNESS SOLUTIONS

- ✓ Custom-designed wire harnesses for complex electrical configurations
- ✓ Use of high-quality materials and connectors for long-term durability
- ✓ Solutions tailored to specific performance and regulatory requirements
- ✓ On-time delivery and scalable production to meet your needs

CABLE ASSEMBLY SERVICES

- ✓ Custom-made cable assemblies for various applications
- ✓ Expertise in wire types, connectors, coatings, and insulation materials
- ✓ Rigorous testing to ensure proper functionality and safety
- ✓ Capabilities for both low and high-volume production runs

ELECTRO MECHANICAL BOX BUILD

- ✓ Full system integration services, including custom enclosures
- ✓ Testing of integrated systems to ensure seamless functionality
- ✓ From simple enclosures to complex electronic assemblies
- ✓ Custom-built solutions tailored to your specific needs

SUPPLY CHAIN & INVENTORY MANAGEMENT

- ✓ Supply chain solutions to support production flow from start to finish
- ✓ Build long-term relationships with key suppliers for JIT (Just-in-Time), KanBan delivery models.
- ✓ Global sourcing for cost efficiencies, access to specialized components, Scalability and diversified risk
- ✓ Inventory management process to forecast demand, order stock, incoming inspection, receive and inspecting goods, store and manage inventory, and fulfill customer orders.

ENGINEERING SUPPORT

- ✓ Design Optimization to ensure wire harness designs are cost-efficient, reliable, and manufacturable.
- ✓ Process Improvement to streamline production to reduce waste, improve cycle times, and enhance efficiency.
- ✓ Re-engineering, and cost-effective solutions that ensure fit, form, and function
- ✓ Quality Assurance to implement systems and checks to ensure products meet regulatory and customer requirements.
- ✓ Technical Assistance and support.

WHY CHOOSE US?

EXPERTISE AND EXPERIENCE

TAILORED SOLUTIONS

UNCOMPROMISING QUALITY

STATE-OF-THE-ART
MANUFACTURING FACILITY

COMPETITIVE PRICING
AND ON-TIME DELIVERY

INDUSTRIES WE SERVE

Automotive

Industrial Equipment

Amusement Gaming

Telecommunications

Medical Devices

Aerospace & Defense

Agriculture

Renewable Energy

OUR PROCESS

CONSULTATION AND DESIGN

We begin by understanding your project requirements. Our engineers work closely with you to develop detailed designs that meet your specifications. We focus on functionality, manufacturability, and cost-efficiency.

MANUFACTURING & ASSEMBLY

With our state-of-the-art equipment and highly skilled workforce, we begin the manufacturing and assembly process. Whether it's a wire harness, cable assembly, or complete box build, we ensure precision at every step.

TESTING & QUALITY ASSURANCE

Quality control is integral to our process. Each product undergoes rigorous testing, from individual components to final system integration, ensuring everything meets the highest standards for reliability and performance.

PACKAGING & DELIVERY

Once production and testing are complete, we ensure your products are securely packaged and ready for delivery. We offer flexible shipping options to ensure your order arrives on time and in perfect condition.

ARE YOU READY TO BRING YOUR CABLE ASSEMBLY – BOX BUILD PROJECT TO LIFE?
